

2016 6th International Conference on BUILDING RESILIENCE

Building Resilience to Address the Unexpected

7th-9th of September, 2016
University of Auckland
Auckland, New Zealand

Website: <http://buildresilience2016.nz/>

Invitation to the Climate Adaptation and Resilience Building in the Pacific Workshop

Thursday 8th September – 13:30 to 15:00
Followed by a tour of FrameCad (for those who are interested)
(www.framecad.com)

On behalf of the 2016 Building Resilience Conference committee we would like to extend an invitation to you and your colleagues to join us for a special topic workshop on 'Climate Adaptation and Resilience Building in the Pacific'. Chaired by Dr. Theuns Henning of the University of Auckland's Climate Adaptation Platform, the workshop will provide invitees the opportunity to hear from a unique panel of delegates from the Pacific on the most important issues their nations face in relation to climate adaptation and resilience building and then to discuss in an open forum the possible opportunities for New Zealand organizations to help these nations address these issues. To date the following delegates will be attending:

- Warren Yee President Fiji Institution of Engineering (Fiji)
- Salabogi Mavoia Acting Dean, College of Engineering, Science and Technology (Fiji)
- Charlie Inggs Strategic Planner & Policy Advisor (Cook Islands)
- Louis Teiti Building Controller (Cook Islands)
- Leveni Aho Director of NDMO (Tonga)
- Jerry Esrom Post-disaster Telecommunication Specialist (Vanuatu)
- Robbert Mulligan Post-disaster Reconstruction Professional (Vanuatu)

Registration: If you are not already registered to attend Build Resilience 2016 you will be required to register for at least half-day attendance to attend this workshop (NZ\$200). Discounted rates will be considered for groups of 5 or more. The half-day registration also includes lunch at 12pm and full access to the all sessions scheduled for the afternoon. Session themes for the afternoon include Resilient Cities, Resilient Measurements, Branz NSC: Build Better Homes, Towns and Cities and a Cadre Workshop on Mainstreaming Disaster Resilience within the Construction Process.

Full conference details and programme can be found here: <http://buildresilience2016.nz/>

For more information and registration please contact: Claudia Bell at Claudia.bell@auckland.ac.nz

Delegate attendance has been kindly sponsored by Ministry of Foreign Affairs and Trade, New Zealand
